

The Competitive Advantage

Based on independent side-by-side tests conducted by some of the largest financial service organizations and healthcare providers, Probate Finder Technology proved to be more comprehensive, accurate, and timely.

Find more probated estates with **Probate Finder® Technology**

- ✓ Ranked **first amongst seven collection agencies** in finding **the most probated estates**
- ✓ **1 in 5 probated estates valued over \$40 million** were missed by the competition
- ✓ **83%** of a single competitor's "estate matches" were confirmed **not to be true, fileable probated estates**
- ✓ **42%** of a competitor's sample of probated estate matches proved to be **false positive matches while ours resulted in 0% false positives**

Comprehensive

- Probate Finder Technology gives you access to a comprehensive database of over 3.5 million probated estate records from over 3,450 probate courts nationwide

Accurate

- Rely on the advanced patented matching algorithms of Probate Finder Technology to provide you with more accurate probated estate matches
- Daily updates ensure compliance with the latest claim presentation procedures, forms, fees, and probate statutes

Timely

- Updated hourly with the most recent probated estate data, the Probate Finder technology allows claims to be filed prior to expiration resulting in maximized liquidations and adherence to the FTC's final policy statement
- While others can take days, weeks, or even months to find probated estates, Probate Finder technology can locate probated estates almost immediately
